

Eight-Year Commercial Limited Warranty

Vanguard is now offering a competitive eight-year** commercial limited warranty on its entire lineup of Vanguard™ batteries from 1.5kWh* to 7kWh* in both 24V and 48V options and in Swappable and Fixed configurations. This new warranty replaces the previous three-year limited warranty and serves as a further testament to how confidently the company stands behind its batteries and the value and support Vanguard aims to provide its end users and the rental market. The warranty includes a free replacement of equal or greater value for up to eight years or the associated MWh of cumulative discharge — whichever occurs first.

**Total energy measured using a 0.2C discharge per IEC 61960-3:2017*

***See vanguardpower.com/na/en_us/support/warranty.html for warranty details.*
